05-Marking up Text (15 pts)

BOOK CH 5: Now you will create the content for the "About" page of your site. You will be graded on your ability to demonstrate the criteria listed on this page. Please name this page "about.html" without any spaces so we can find and grade it.

**HEADER INFO**
Please include a title in the head of the document
- Title for the page that is less than 80 characters and describes your site.

**LIST ELEMENTS**
Please include the following XHTML markup within the body. (see page 80)
- One h1 heading identifying the name of the company.
- One h2 heading identifying the name of the page
- At least three h3 headings
- Include an unordered list (minimum of 6 items)
- Include an ordered list with the style changed to roman numerals (minimum of 6 items)
- Include a definition list with a minimum of three terms and three definitions

**INLINE ELEMENTS**
Please include the following XHTML markup scattered throughout the paragraphs of this "about" page. (see page 81)
- Include an acronym
- Include a deleted text
- Include an inserted text
- Include a program code sample

**HTML ENTITIES**
Please include a footer paragraph at the bottom of BOTH this page and the home "index.html". In the footer, include these entities that are not easily entered from the keyboard.
- Include a copyright symbol
- Include a bullet

**AWFULNICTY DEDUCTION POINTS LOST**
- If you complete the assignment and it is technically accurate but looks ugly, you will be the proud owner of an awfulness deduction. You should treat each assignment as an opportunity to show your best work.

**VALID XHTML 1.0 Transitional code**
Please check your code prior to sending it to see if you missed anything. You should use the xhtml code validator located at http://validator.w3.org
- Code checked at http://validator.w3.org
